DO.No.CI(I-Cell)26/2017/2
Dated: Dispur, the 30th August, 2017

Dear *Shri Singh,*

Please refer to our discussion held on 24th August, 2017 with regard to Hon'ble Chief Minister's desire to have the Biggest National Flag of East India at Gandhi Mandap, Guwahati, Assam.

As Guwahati Smart City Development Agency Limited (GSCDAL) has a plan to develop Gandhi Mandap and has already moved ahead and floated tenders for it, you are requested to incorporate the "Guwahati Flag" project in your ongoing Smart City development project at Gandhi Mandap and execute the work on behalf of the Government of Assam in the Industries & Commerce Department.

In this regard, you are further requested to prepare a Detailed Project Report and submit the same to the Industries & Commerce Department, Government of Assam for approval and early execution of the "Guwahati Flag" project.

The capital cost of putting up the flag would be borne by the Industries & Commerce Department, Government of Assam. The flag needs to be lighted in the night for which the provision should be made in the estimates.

The height and length of the Flag should be 200ft (60.96 m) and 100 ft (30.48 m) respectively.

This has the approval of the Hon'ble Minister, Industries & Commerce etc., Assam.

(Ravi Capoor)

Shri Manvendra Pratap Singh, IAS
