1.0 Introduction

The Government of India has announced creation of 100 Smart cities to drive economic growth and improve the quality of life of people by enabling local development and harnessing technology as a means to create smart outcomes for citizens. Guwahati is one of the shortlisted cities for the smart city initiative under Ministry of Urban Development, Government of India. Guwahati Smart City Limited (GSCL) is a Govt. Company for implementing the Smart City mission at the city level. The cost of the supply, installation and maintenance of the pole and accessories shall be borne by the Govt. The Plot Owner is required to pay the charges for monthly electrical consumption of that light and take care of the security of the pole.
